

Awareness Session on 'Cyber Security and Online Frauds'

In compliance to CVC's directions on Vigilance Awareness Week 2025, as a prelude to three month campaign on preventive vigilance with focus on various capacity building programmes, an awareness session on the topic 'Cyber Security and Online Frauds' was conducted on 04.09.2025. The Programme aimed to spread awareness among the employees about the digital frauds/online frauds. The session was taken by Sh. Kaushik Chanda, Manager (IT), STC and attended by all Divisional Heads and other employees of Corporate Office. The employees of Representative Offices of STC also attended the programme through Video Conference. The session was attended by more than 30 employees of the Corporation. The session should certainly help individual to understand the threats and vulnerabilities available in digital landscape and promote culture of cyber security. It provides basic and essential education for protecting personal, organisational and national interest while being part of continuously developing digital world.
