

Awareness Session on 'Gender Sensitization'

An awareness session was organized on 'Gender Sensitization' at STC's Corporate Office on 13.11.2025. The session was held by Ms. Sonal Taneja, DGM (Marketing), and attended by about 50 employees of STC including all Divisional Heads. The Programme aimed to spread awareness among the employees about gender equality at work place, attitudinal change, built sensitivity to gender issues, eliminate discrimination and promote a more equitable society. During the session, the speaker highlighted various gender related issues of the Society and informed that how a respectful understanding of gender impacts on all aspects of life i.e. from personal relationships to socio-economic development. She further emphasised that change in behaviour and attitude by questioning gender stereotypes, biases, and roles through education, dialogue and empathy help in building a better gender sensitized society.
